EDUCATION

UNIVERSITI TENAGA NASIONAL (UNITEN), MALAYSIA

- Bachelor Of Computer Science (Software Engineering)
- CGPA: 3.82

SKILLS

- **UI/UX Design Tools**: experienced in using Figma tools to create prototypes and mockups
- **Front-End Development**: Expertise in HTML5, CSS, JavaScript, and TypeScript, ensuring responsive and adaptive designs.
- **Usability Testing**: Skilled in conducting usability testing, surveys, and interviews to gather actionable insights.
- **Frameworks and Libraries**: Strong experience in React, Express.js, FastAPI, Laravel, and RESTful APIs.
- **Design Systems**: Proficient in maintaining consistent design language and developing reusable components.
- **Back-End Knowledge**: Experience in database management (MongoDB, MySQL, Redis) and server-side development using Node.js.
- **Version Control**: Experienced with Git and GitHub for collaborative development.

PROFILE SUMMARY

Full Stack Developer with a strong foundation in user-centric design, responsive web applications, and front-end/back-end integration. Proficient in frameworks like React, Express.js, and FastAPI, with hands-on experience in crafting intuitive user interfaces and enhancing user experience. experienced in Figma, prototyping, and usability testing to ensure a seamless user journey. Passionate about creating scalable, efficient, and user-friendly software solutions.

WORK EXPERIENCE

PPIC Technologies (Company of CoolRiots)
Software Engineer

- Developed front-end and back-end web applications with a focus on responsive and user-friendly interfaces.
- Designed APIs and integrated them with front-end components for a seamless user experience.
- Conducted usability tests and collaborated with stakeholders to refine UI/UX designs based on user feedback.

PPIC Technologies (Company of CoolRiots)
Full Stack Developer

- Designed and developed visually appealing and functional user interfaces.
- Optimized applications for maximum speed and scalability.
- Ensured cross-platform compatibility and conducted user research for improved interaction design.

PROJECTS & PORTFOLIO
